

IDA 2023 Competition - Judging Criteria

PROBLEM

Design Objective - Clarity of project and design goals as described in the concept statement. Design concept statement addresses the programmatic parameters, requirements and expected outcomes of the project within the competition format. [Design Statements are limited to 400 words or less]. **Score 1 - 10 Points (0.5 increments)**

CONCEPT

Architectural Integration - Integration and consideration of existing architectural elements, opportunities, and limitations.

Score 1 - 10 Points (0.5 increments)

Design Creativity/Originality - Freshness and uniqueness of approach. Creativity used in problem solving and design solutions. Attention to detail. **Score 1 - 10 Points (0.5 increments)**

SOLUTION

Appropriateness of Design Solution - Does the solution meet the performance criteria and scope of project as specified in the Design Statement? Does the design solution achieve the design objective? **Score 1 - 20 Points (0.5 increments)**

Functionality - Appropriate use of materials, finishes, and furnishings for purpose of space. Is the solution aligned with the residential or commercial category of entry? **Score 1 - 10 Points (0.5 increments)**

Scale and Proportion

Score 1 - 10 Points (0.5 increments)

Color Composition

Score 1 - 10 Points (0.5 increments)

Creative Use of Space **Score 1 - 10 Points (0.5 increments)**

Effective and Creative Use of Lighting **Score 1 - 10 Points (0.5 increments)**

Relationship of Materials, Textures and Patterns **Score 1 - 10 Points (0.5 increments)**

Maximum points available: 110 points

Minimum number of points required to be considered for an Award: 60 points

IDA 2023 Competition - Judging Criteria - Students

PROBLEM

Design Objective - Clarity of project and design goals as described in the concept statement. Design concept statement addresses the programmatic parameters, requirements and expected outcomes of the project. (Design Statements are limited to 400 words or less). **Score 1 - 10 Points (0.5 increments)**

CONCEPT

Architectural Integration - Integration and consideration of existing architectural elements, opportunities, and limitations.

Score 1 - 10 Points (0.5 increments)

Design Creativity/Originality - Freshness and uniqueness of approach. Creativity used in problem solving and design solutions. Attention to detail. **Score 1 - 10 Points (0.5 increments)**

SOLUTION

Appropriateness of Design Solution - Does the solution meet the performance criteria and scope of project as specified in the Design Statement? Does the design solution achieve the design objective? **Score 1 - 20 Points (0.5 increments)**

Scale and Proportion

Score 1 - 10 Points (0.5 increments)

Color Composition

Score 1 - 10 Points (0.5 increments)

Creative and Functional Use of Space

Score 1 - 10 Points (0.5 increments)

Effective and Creative Use of Lighting

Score 1 - 10 Points (0.5 increments)

Relationship of Materials, Textures and Patterns

Score 1 - 10 Points (0.5 increments)

Consideration of three dimension/volume of the space

Score 1 - 10 Points (0.5 increments)

Maximum points available: 110 points

Minimum number of points required to be considered for an Award: 60 points
